WHAT WE HAVE

Sheet Metal Fabrication, Extrusion & Die-Cast, Assembly and Integration, Injection Molding & Vacuum Forming, Machining, Iron/Ductile Casting

SERVICES

- Project Management
- Warehousing and Kanban
- Complex Integrated Assembly
- Quality Testing and Validation
- Prototyping and Design for Manufacturing
- Engineering and Design Services

DESIGN

- Full Product, Subsystem(s) Testing
- Support Throughout Design Cycle
 - Concept Design
 - Detailed Design
 - Manufacturing Optimization
 - Regulatory Certifications
- Disciplines
 - Systems
 - Mechanical
 - Electrical
 - Heat and Mass Transfer
 - Regulatory

FABRICATION

- Metal
- Lasers
- Turrets
- Brakes
- Stamping
- Welding and Grinding
- Powder Coating

WHAT WE CAN DO
